

Smart TV / Interactive Projector Bid
#21-1

Addendum #2

1. Alternative equipment or equal or better quality and function will be considered provided it will operate with the smart operating system software. Detailed cut sheets of the equipment are required to be submitted as part of the bid.
2. Bidder is required to supply HDMI cables and USB cables and patch plates between the wall access box and the TV Projector that will support the highest quality of connection between the wall box and TV/Projector.
3. Bidder is to provide a 2 yr warranty on service and a 5 yr warranty on material excluding projector bulbs.
4. Bidder to supply all information and current pricing on any recurring license fees and any fees for software upgrades.
5. Bidders are to include a signed statement listing each addendum and they have reviewed and included this information in their bid. (See attached form.)

Smart TV / Interactive Projector Bid
#21-1
Addendum certification form

I have reviewed all addenda posted to the Ledyard Public Schools website on January 30, 2021 and confirm that we have included the addendum information in our bid package.
