Interactive Projector/TV Bid
Bid # LPS 21-1

Ledyard Public Schools will accept sealed bids from qualified parties to supply and install Twenty One (21) Smart Interactive Flat Panel TV 6000S series with IQ or the most recent comparable model. In addition Thirty Nine (39) Epson 1485 fi projectors with finger touch operation or the most recent comparable HD model. Successful bidder is to provide Twenty One (21) Balance Box 400 manually adjustable height mounting units to be installed on each Smart TV. Sixty (60) Remote plug/volume control stations mounted on the wall for teacher stations. Thirty Eight (38) pairs of ceiling speakers mounted in the suspended ceiling for the projectors and Twenty Two (22) pairs of wall mounted speakers to be installed with the Smart TV units. Successful vendor is required to include all ancillary equipment required for the proper operation of the system and speakers, to include, but not limited to, mounting brackets, speaker mounts, wiring, wiremold, amplifiers etc.. Owner will provide and install projector boards for the Epson projector units, required AC outlets and Internet connection. Successful bidder is to supply training to the IT staff on the set up and operation of the units and one general training session for staff in each building.

The project is expected to begin installation in June of 2021 and be completed prior to August 10, 2021. Owner reserves the right to alter final quantities and require delivery and install of units prior to June 2021 if needed. Vendor must certify their ability to provide and install units prior to June 2021 if required. Below is a more detailed description of each school.

- The Twenty One (21) Smart TVs are to be installed at the Gales Ferry Elementary School 1858 Rt 12 Gales Ferry Ct. 06335. Each TV will be mounted on the Balance Box adjustable mount. Two ceiling mounted speakers to be installed. Location will be determined by the vendor to provide the best sound quality. All exposed wiring to be wiremold or equivalent. Non-metallic wiring channel is not permitted. Wall mounted control is expected to be in a standard location within each room. Allow a minimum of 50' of wire for connection between the Smart TV and control panel location. There will be a number of rooms under renovation at this school which may alter any installation schedule for those locations. Vendor to supply appropriate mounting hardware that will be attached to the wall framing of appropriate size and design to support the weight of the equipment.
- Twenty Two (22) of the Smart Projectors are to be installed at Juliet Long Elementary School 1858 Rt 12 Gales Ferry. CT 06335. Please note that the ceiling height to the roof support beams is 8'. The projectors in this school are expected to be mounted on block walls. Two (2) wall mounted speakers are to be installed. Location will be determined by the vendor to provide the best sound quality. All exposed wiring to be

wiremold or equivalent. Non-metallic wiring channel is not permitted. Wall mounted control is expected to be in a standard location within each room. Allow a minimum of 50' of wire for connection between the Projector and control panel location. Minimal renovations to this school are expected during the installation.

- Seventeen (17) of the projectors will be installed at Ledyard High School 24 Gallup Hill Rd Ledyard, CT 06339. Two (2) ceiling mounted speakers are to be installed. Location will be determined by the vendor to provide the best sound quality. All exposed wiring to be wiremold or equivalent. Non-metallic wiring channel is not permitted. Wall mounted control is expected to be in a standard location within each room. Allow a minimum of 50' of wire for connection between the Projector and control panel location. There will be a mix of block walls and standard sheetrock walls for this installation. All rooms being installed are expected to be under renovation during the installation time frame. This section of the work should be planned for August 2021.

A non-mandatory walkthrough of the project schools will take place on January 20, 2021 at 1:00PM starting at Juliet Long School 1854 Rt12 Gales Ferry Ct.

Bid packages can be obtained by emailing Wayne Donaldson Ledyard Public Schools Facilities Director at Wdonaldson@ledyard.net. Sealed bid submissions are due on Friday February 5, 2021 by 11AM. Bids must be received at Ledyard Public Schools 4 Blonders Blvd. Ledyard, CT 06339 Attn: Wayne Donaldson before the assigned date and time. Bids submitted after the deadline will not be considered. Please enclose your bid in a sealed envelope clearly marked with the Bid number and name. Questions can be emailed to wdonaldson@ledyard.net until 3PM on Friday January 29, 2021. *(All questions must be in writing or email addressed only to the Director of Facilities)* Ledyard Public Schools reserves the right to waive minor discrepancies in bids or to accept or reject all or part of any submission. All bid submissions are the property of Ledyard Public Schools and will not be returned to the bidder. Award notification to the successful bidder is expected on or before Thursday February 11, 2021.

It is strongly urged that all prospective bidders notify Wayne Donaldson, Ledyard Public School Facilities Director, of their interest to ensure receipt of any addendums. Bid packages are available on the Ledyard Board of Education web site www.ledyard.net listed under district/finance/bids. The response to all questions will be sent to all firms that have requested bid packages, registered with the Facilities Director or attended the walk through. *(Down loading the bid from the BoE website will not ensure receipt of any addendums)*

All bids must contain a certification stating that the bid amount is valid for a period of 90 days from bid opening date. The successful bidder will be required to provide a certificate of insurance and proof of manufacturer's certification for the equipment being offered and any applicable State of Connecticut licenses for the work being performed. All bids must clearly state the equipment warranty information and the successful firm will supply a warranty on labor for a period of two years from the date of completion to cover installation issues or service under the length of the manufacturer's warranty. Ledyard Public Schools is attempting to standardize the projector and smart TV equipment across all schools so alternate brands of equipment will not be accepted. Alternate models will be considered if they meet the minimum specifications of the original equipment. Bid package must include cut sheets for all the equipment being provided as part of the bid. Ledyard Public Schools reserves the right(?) to alter quantities or purchase the Projectors and TV's from separate vendors. Please list pricing as individual projects and provide any discount offered for award of both sections of the bid.

Town bid list is for an apples to apples comparison. Bidders are responsible to ensure that their bids include all equipment, wiring and labor to complete the project. Omissions on the material list provided for the bid are the bidders responsibility. Additional equipment needed should be added to the list and pricing provided. The successful bidder will be required to certify that all employees working on the project do not have any criminal backgrounds or are on a sex offender list. Access to the site during the installation period will be during normal business hours. Other hours can be offered if needed to complete the project on time at the contractors expense.
