MISSION STATEMENT

In an effort to represent the community’s prestige, the South Bronx Charter School for International Cultures and the Arts is a model of excellence providing its youngster with a constructivist and child-centered curriculum. Our intellectually challenging and standards based curriculum is enriched by our international perspective, the arts, and our dual language program. Our students receive a well-rounded education that uses the arts to promote excellence in all areas: cognitive, social, emotional, and moral. Our school meets or exceeds New York State Learning Standards, aligns student learning to those standards and supports teachers with professional development opportunities. Our community, our parents, and staff are empowered to participate meaningfully in our school to strengthen its potential for success.

Measuring Outcomes Against Goals

As previously stated, the Board of Trustees is the final authority for policies and operational decisions at the school. That said it is one of the board’s primary responsibilities to self-reflect and examine practice based on outcomes against goals. To this end, the board, and specifically the board’s academic subcommittee, monitors the effectiveness of the educational program and educational outcomes of the school. On a micro level, the board’s academic subcommittee monitors the school’s progress in achieving the instructional program’s implementation and student outcomes.

SBCSICA uses data collection and analysis to inform decisions about teaching and student learning. In order to produce data that can be used to drive decisions in instruction, SBCSICA utilizes a comprehensive assessment system, which includes Periodic and Interim assessments that provides feedback on an ongoing basis and supports teaching and learning. To that end, SBCSICA administers periodic standardized norm-referenced exams (NRT), and Interim Diagnostic & Predictive assessments coupled with Constructed Response items. Based on the results from interim assessments, teachers proactively identify areas to grow and have the ability to customize and generate instructional materials.
More specifically, the periodic reading inventory assessment is given in English and Spanish. Developmental Reading Assessment (DRA) and Evaluación del Desarrollo de la Lectura (EDL) are administered on a consistent basis and as needed. As a Dual Language school, the EDL helps us to measure language acquisition for native and non-native Spanish language speakers. Tasks measured by the DRA and EDL tests are divided into several skill sets. Rhyming, alliteration, segmentation, and phonemic awareness are tested in the phonemic awareness section. Letter naming, word-list reading, spelling, decoding, analogies, structural analysis, and syllabication are tested in the alphabetic principle/phonics portions. Oral reading fluency or words per minute for contextual reading are tested under fluency. Vocabulary, comprehension, and reading engagement skills are also measured in these tests. Once the test is scored and evaluated, the teacher gains a comprehensive understanding of those areas of strength and weakness and can assign a numeric and or alphanumeric reading level. This process empowers student’s reading engagement because they understand and can easily identify a “just right book” by choosing a book with the corresponding DRA and EDL level.

In addition to school assessments, SBCSICA employs Individualized Learning Plans (ILP) for each student. Individualized Learning Plans consist of specific, measurable, attainable, relevant, and time-bound (SMART) goals. Long-term and short-term learning goals are developed with the collective and continuous input from the parent/guardian, student and teachers. The plan outlines exactly what the student’s goals are, how they will be measured and finally, the steps needed to take to meet them. Progress monitoring of goals is a key component and each ILP is reviewed a minimum of four times during the school year. Because different goals require different amounts of time to reach, the progress monitoring process may be on a different schedule for different students.

Teachers develop a deeper understanding of expectations for student work and means of assessment in a variety of different formats. Regular professional development sessions allow teachers to engage in dialogue that creates a common frame of reference. Teachers share, review, and discuss actual samples of student work and best teaching practices. Specific assessment rubrics have been developed and are used to provide a common framework of evaluation. These rubrics are used by teachers to assess work relative to grade content...
standards, and will allow teachers to determine what skills need to be re-taught and practiced.

Teachers regularly analyze student work throughout the year using performance rubrics, individually, in grade conversations, and in conversation during grade level planning meetings. Project based assignments are also used as a meaningful form of assessment. Teachers review student work at various times including planning meetings as items may be used as teaching points in grade level performance and development. Grade and subject specific team meetings allow for more in-depth examinations of student work and will allow teachers to share and discuss examples of student work and teaching practices, raising expectations across the board. Teachers and school leaders alike have high expectations of student work and assessment across the grades. The continuum of analysis teachers to design meaningful lessons, which move students toward mastery.

provides these special education services. SBCS asks the student’s district of location to provide special related services. For those students with IEPs that require related services, such as counseling, speech, occupational therapies, and physical therapies, the school contracts with either the student’s school district or a private provider.

Should a student require more restrictive placement, such as a special class for part of the day, the school and parent will ask the CSE to convene an IEP meeting to determine whether the current recommendation is appropriate or if it can be modified.

All students receive academic assistance through a tiered system of interventions. A struggling student receives Tier 1 interventions in the general education classroom that will include differentiated instruction, flexible grouping and classroom accommodations. A student who does not make sufficient progress with Tier 1 intervention receives more intensive interventions and strategies to help her master the material presented in the classroom.

A student who continues to struggle is referred to the Pupil Personnel Team (PPT). The PPT develops a plan to employ more intensive, individualized interventions that will be provided in addition to what the student was provided in Tiers I and II. These interventions are closely monitored to assess the level of support required for the student. A student who requires intensive individualized interventions to make any progress will be referred to the CSE for further evaluation.

This referral will include the four-page CSE Referral Form as well as all the data collected at Tiers I & II. Teachers will provide a progress report based on student performance and samples of student work. Conference results from meetings with the parent/PPT will also be included in the referral.

Finally, any chosen facility will accommodate the special education program and services outlined above and will be ADA compliant. In addition, the proposed budget will include a special education coordinator and expenses associated with the related special education services.

SBCS ensures that teacher(s) of a student with a disability participate in meetings of the Committee on Special Education, and have access to and understand their responsibility to implement the IEP. To achieve this end, the regular education teacher
will participate in the CSE meeting. Also, the special education teacher/coordinator is responsible for attending each CSE meeting and ensuring that other special education providers, if appropriate and parents attends the CSE meeting.

To ensure that teacher(s) of a student with a disability have access to and understand their responsibility to implement the IEP, SBCS designates a special education teacher/coordinator to oversee the provision of special education services in accordance with each child’s IEP. The special education teacher/coordinator position will be responsible for the following:

(i) communicating on a regular basis with the CSE of each student’s district of residence;
(ii) coordinating special education referrals to the CSE;
(iii) ensuring that the appropriate school staff members and parents participate in CSE meetings;
(iv) reporting to the CSE regarding student’s progress toward meeting IEP goals;
(v) reviewing all students’ IEPs;
(vi) collecting student records from the CSE;
(vii) maintaining and securing in a locked cabinet all confidential files; and
(viii) coordinating the implementation of special education services as per the IEP with the school district, private providers, and the school’s classroom and special education teacher(s), as appropriate.

The special education/coordinator ensures that each regular education teacher and any related service provider who is responsible for the implementation of a child’s IEP will be given a copy of the IEP prior to its implementation. In addition, the school requires that the copy remain confidential and that it cannot be re-disclosed to any other person, in compliance with IDEA and FERPA. Moreover, prior to the implementation of the child’s IEP, the special education/coordinator informs each teacher and assistant of his or her responsibility relating to the implementation of the IEP with respect to the accommodations, modifications, and supports required as described by the IEP.

Finally, in an effort to provide general information about special education, the special education/coordinator provides pre-service and on-going training to all teaching staff covering the referral process to the CSE, implementation of a student’s IEP, evaluation of a student’s progress toward meeting IEP goals and objectives, reporting requirements to parents and the CSE, the
importance of confidentiality of student records, and discipline of students with disabilities. Please note that there will be no specific mention of any child’s IEP.

SBCS has several structures in place to assure that special education students of all levels are given appropriate instructional support. Further, SBCS uses Response to Intervention (“RTI”) and Pupil Personnel Teams to support our students.

Response to Intervention
In SBCS’s general education classrooms teachers will differentiate instruction to address different modalities of learners (RTI Tier I). Teachers screen students on a periodic basis and make accommodations that target student differences, which may include manipulatives in all subjects, small group instruction, adding visual resources during verbal lessons, or stations in social studies or science classes.

For struggling learners who need additional support and who are not making adequate progress in the core curriculum and skills, SBCS will use small group instruction, push-in/pull-out, Title I services, and alternative supplies and materials. These Tier II interventions are targeted to their needs based on their levels of performance and will be available to all students who need them, including students with IEPs.

RTI Tier III is remedial and intensive in nature. At this level of intervention, both students who have IEPs that mandate pull-out SETSS (NYC)/Resource Room and general education students identified as needing additional support based on their student assessments receive intensive interventions that target the skill deficit of the student. The goal of tier 3 is for remediation of existing problems and prevention of more severe problems. This process may identify a general education student who needs this level of intervention and may need special education services. For students who already have an IEP, Tier III will provide the necessary information to request a review to adjust the IEP accordingly. In both instances, written parental consent is needed by the CSE to proceed. At this level, SBCS will recommend that the student's parent be notified and encouraged to participate so that a referral is the result of collaboration and consent might be more forthcoming.

In any case, the Tier III Interventions must continue whether or not the parent gives CSE consent. Also,
this student is now “presumed to have a disability” and to have rights under IDEA, even if he/she does not have an IEP.

Pupil Personnel Team (PPT)
Any SBCS student who is having trouble at Tier I, regardless of whether or not they have an IEP, is referred to the PPT. The PPT discusses strategies and interventions with the general education teacher and they come up with a plan of intervention (Tier III) for behavior or academics. This plan is monitored and a progress report must be presented to the PPT.

Other Supports
Students who have IEPs for related services such as counseling, speech, occupational therapy, or physical therapy will not be excluded from appropriate interventions. In addition, if a child is pulled out for several services and SETTS, SBCS will work to make sure the child still accesses the general education curriculum.

The Title 1 teacher will be available during the school day to provide push-in and pull-out services for English language learners. Given that SBCS is a dual language school, students who are fluent in a language other than English maintain fluency in their native language while gaining proficiency in English. In addition to this in-class support, the remediation/enrichment period will be used as an opportunity for the Title 1 teacher to work with students struggling with language acquisition on vocabulary development and literacy skills so that all students are comfortable reading, writing, listening and speaking in English and Spanish.

For purposes of ensuring the adequacy of programs for ELL students, SBCS will assess the progress of all ELL students on an ongoing basis. All ELL students will annually take the New York State English as a Second Language Achievement Test (NYSESLAT) to evaluate their English proficiency. The scores on the NYSESLAT indicate the proficiency level the student has achieved each year, and whether the student’s level of English proficiency is high enough to exit the ESL programs or services.

Variable 5

Interim Assessment
With regards to academic performance, the board’s Academic and Personnel Committee will regularly review student assessment data from state and interim assessments to inform conversations with the principal and review the overall academic progress of the school.
The school will use diagnostic interim assessments developed in-house and unit tests provided by curriculum publishers to provide intra-year assessments of student performance in reading, math, social studies, and science. The regular feedback provided by these tests will help teachers adjust and personalize student instruction throughout the year as necessary. Data from these exams will not be used to support the school’s application for charter renewal. These tests will measure grade level performance (i.e. below, at, or above grade level) in specific skills and content knowledge (e.g., multiplying fractions, phonemic awareness, historical facts, etc.). Given that each subject is taught using content that is aligned with the State learning standards, the test results will be good predictors of how well students are doing against those standards. Also, these assessments allow instruction for a particular child’s needs to be adjusted in real time each year, rather than waiting until end-of-year exams.

Variable 6

Improved Classroom Instruction
SBCS uses data collection and analysis to inform decisions about teaching and student learning. In order to produce data that can be used to drive decisions, the school must have a comprehensive assessment system that provides feedback on an on-going basis throughout the year and supports teaching and learning. To that end, the school administers a norm-referenced test (NRT), and interim progress assessments. In a variety of different formats, teachers will develop a common understanding of expectations for student work and means of assessment. In both pre-service and regular in-service training sessions, actual samples of student work will be reviewed and discussed, to begin a dialogue that creates a common frame of reference. Specific assessment rubrics will be developed and used to provide a common framework of evaluation. These rubrics are used by teachers to assess work relative to grade content standards, and will allow teachers to determine what skills need to be re-taught and practiced.

Teachers regularly analyze student work throughout the year using performance rubrics, individually, in grade conversations, and in conversation with the principal. Teachers review student work at various times throughout the year and assess development and progress in a variety of areas, both academic and non-academic in nature. The principal is responsible for ensuring consistent expectations of student work and assessment across the school. Grade and subject specific team meetings allow for
more in-depth examinations of student work and will allow teachers to share and discuss examples of student work and teaching practices, raising expectations across the board.

In pre-service and in-service training sessions, all student assessments employed by the school will be reviewed in detail with the teaching staff. The principal and/or assistant principal will discuss the content and format of the exams to ensure the teachers have a clear and common understanding of the student learning standards, and the format in which they will be tested. This understanding of the assessments allow teachers to design classroom projects which move students toward mastery while permitting teachers to ascertain throughout the year which students may need additional instruction or practice to meet proficiency standards.

Variable 7

School Schedule
The goals of the daily schedule are to devote significant instructional time blocks to master the core content subjects and meaningfully explore topics and acquiring a language, and meet/exceed all of the New York State Learning Standards.

SBCS employs an extended school day to ensure sufficient time for proper implementation of its educational program. The duration of the school day will be 8 hours as compared to the typical public school day of 6 hours. This represents approximately a 25% increase in the school day. The school day will begin at 8:00am, with an optional breakfast starting at 7:40am, and end at 4:00pm.

Our classrooms engage students and promote active learning throughout the day. Students are not sitting at desks for hours on end. In fact, every aspect of the school day right down to classroom set-up is designed to encourage physical movement of our students.

In addition, our curriculum and instructional methods promote engagement through inquiry-based learning, manipulatives, and hands-on activities that bring the curriculum to life. The school’s Social Studies curriculum, is specially designed to channel young children’s energy into active learning activities across subject areas. Our curriculum involves heavy dance, movement, and song and “act-out” components. Moreover, the cultural components that support the dual language focus of our school encourage students to express themselves through artistic means, such as song, dance, and spoken word. In every lesson throughout
the day, children will be actively engaged. Language instruction takes place throughout the day and integrated into content areas through full immersion in the target language. Teachers instruct students in the target language on alternate weeks, as depicted below, and will employ a variety of methods to teach basic language skills including read-aloud, writer’s workshop, word walls, and think, pair and share. Teachers focus on developing students’ vocabulary in both languages so that students master concepts and are able to read, write, listen and speak about them in English and Spanish.

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. **Total Expenditures Per Child**

   To calculate ‘**Total Expenditures per Child**’ take total expenditures (from the unaudited 2015-16 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

   **Note:** The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: [http://www.p12.nysed.gov/psc/AuditGuide.html](http://www.p12.nysed.gov/psc/AuditGuide.html)

2. **Administrative Expenditures per Child**

   To calculate ‘**Administrative Expenditures per Child**’ To calculate “Administrative Expenditures per Child” first add together the following:

   1. Take the relevant portion from the ‘personnel services cost’ row and the ‘management and general’ column (from the unaudited 2015-16 Schedule of Functional Expenses)

   2. Any contracted administrative/management fee paid to other organizations or corporations

   3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:
Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:
The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: http://www.p12.nysed.gov/psc/AuditGuide.html.
Employee benefit costs or expenditures should not be reported in the above calculations.

Minutes
Welcome - Priscilla welcomes the board members and attendees. Board members are asked to review the minutes from the June 2015 meeting.

Motion to approve the June 2015 Board of Trustees Minutes
Motioned by; Priscilla Ocasio, Seconded by; John Potapchuk, all in favor: unanimous
Motion passed

I. Operations Report- Stephanie Alves
• Bill payments procedure is in place and are now being paid and mailed through the school as of August.
• Per pupil billing projection was approved.
• We are still working on the audit and we are working on the requests.
  o Bob talks to the board about the remaining process of the audit and the documents remaining that needs to be completed.
• All of the state reporting has been submitted by Delia Gonzalez
Principal’s Report- Evelyn Hey

Enrollment: 461

- The opening of the school year was very successful.
- We are still registering students to bring the enrollment up.
- Victory’s contract – Mary Cordero is no longer with Victory. The Victory contract has been reduced by $150K.
  - Priscilla asked who would be taking Mary’s place and expresses concern about the board missing out on something important or assisting with compliance matters.
- Middle school application – needs to be submitted to the DOE by the first of November.
  - I also need to look for space. One option is an old MTA building on 139th Street. I am going to see the site tomorrow with the builder who built this building.
  - My plan would be to incubate 6th graders at our current location for the 2016-2017.
- Setting up of the library is a tremendous undertaking. I met with different library vendors. I gave teachers a time slot where teachers can go in and order books.
- We had a conference call with the financiers – they asked about enrollment and speed bumps, this was the call for the 2014 audit. We basically spoke about the financials from 2014.
- The CO has not been signed off on. They are waiting for some papers from the electrician.

II. Victory Financial Reports – Paul Augello

- The June financials were sent to the board members, this is the year-end.
- We beat the projected budget and are in good standing.
- We came in $92K under projected salaries.
- Summer school is fully funded by Title I.
- Paul reviews the financial report (Profit & Loss and balance sheet) in detail with the board.
- The food service is running very efficient and is practically paying for itself.
- Last page is the financial covenant – Paul reviews with board members.

Finance Committee Report – John Potapchuk

John and Paul met on Sunday for about two hours. During that meeting they went into great detail with regards to next year’s budget. John informs the board members about the details discussed with Paul for the 2015-2016 school year. Members discuss the projected budget, utilities (fixed rate), and Victory loan payoff.

New Business – Priscilla

- Chancellor Fariña has invited board of trustees to a charter meeting. We get two tickets and I am asking Donald to accompany me as he has an education background.
- I have the resume of a person who is interested in becoming new board member.

Bob: There are two resolutions that get approved every year and need to be approved tonight. Bob passes out copies of the two policies for the board to review.
  - Conflict of Interest policy
  - Code of Ethics for 2015-2016
The SBCSICA Board of Trustees motions to adopt the Code of Ethics
Motion: Donald Mattson; Second: Elvis Torres; All in favor; unanimous
Motion passed
(See below for complete resolution)

The SBCSICA Board of Trustees motions to adopt Conflict of Interest
Motions: Elvis Torres; Second: Donald Mattson; All in favor: unanimous

(See below for complete resolution)

Old business:
Priscilla – Ten board meetings for the year will be fine.
I ask that the board committees meet after the board meetings and go forward with being active committees.

Bob- I would like to continue training every other month or third month. I don't think it is a necessary expenditure for every meeting unless the board feels that my services will be needed.

The board asked me to look into the real estate taxes and the liens that were in foreclosure. We will order a review and apply for the continuation of exemption. I would recommend that every September we file in the fifth year.

The city records still has the schools address as 90 Bruckner Blvd. – this is why you did not have any mail about the liens. The tax mail was going to the wrong address.

Evelyn requests executive session with the board members.

Board Meeting Minutes

Start Time: 5:12 PM

Board Members in Attendance:
Priscilla Ocasio (Board Chairperson)
Donald Mattson (serving as Recording Secretary)
John Potapchuk
Elvis Torres
Carmen Santos

Absent Board Members:
Dalia Peralta

Non-Board Members:
Evelyn Hey Principal
Paul Augello
Robert McLaughlin

Minutes:

Welcome: Priscilla welcomed the board members and attendees.

We will approve the October 2015 and November 2015 minutes at the next meeting.
Robert McLaughlin mentioned that the minutes should not reflect an agenda for executive session(s).

I. Director of Operations Report - tabled.

II. Principal's Report (Evelyn Hey)
- Evelyn Hey reported that the register is 442 and attendance is 94%
- She also reported that the middle school application has been filed and that their public hearing for the middle school was held. Fifty parents attended and there were nine speakers (bilingual) and all were in favor of the addition of a middle school. The state will inform the school by the end of January.
- A club program is now in effect for grades 3, 4 and 5. The clubs are drama, art, music, story chasers, salsa dancing and hip hop. The clubs meet everyday.
- Ms. Hey showed and explained the school website.
- An inventory has been established for all items in the school.
- Board minutes for the last 3-5 years will be on the website.
At this point, there was discussion concerning the "sign in" process at the front desk (entrance) to the school.

Ms. Hey mentioned that school attendance is tracked using **POWERSCHOOL** rather than **ATS** (**Automate the Schools**), which is the standard New York City attendance process.

**Victory Financial Report**-Paul J. Augello (report attached)
- Base Per-Pupil revenue is slightly below target.
- Government subsidies are slightly higher than budgeted.
- The audit meeting will be held on Monday, December 21st.

**Open issues**
- A Personnel Manual requires board approval which is not present in manual. Ms. Hey mentioned that Victory supplied the manual and that board approval was not required. The manual is too generic and general and, working with Delia, must be re-developed.
- Priscilla Ocasio questioned the procedure for payment approval. It was clarified that Ms. Hey approves payments up to $25,000.
- Priscilla Ocasio mentioned that a page was missing from the Principals’ Agreement for 2014-2015. She also mentioned that there is a need for storage space in the school.

**New Business**
- It was clarified that the Principal is in charge of hiring. Since the Board does not see credentials, it is unknown how many uncertified teachers are hired. Ms. Hey stated that there are currently 7 uncertified teachers, not 14 (as indicated in the provisional audit report).
- Priscilla Ocasio mentioned that the Board is to be informed concerning terminations. (Protected classes-female, minority, over 50 years of age and religion.)
- We will all be getting copies of the Board by-laws.
- Dalia Peralta will be leaving the Board since she has been on for five years. Charter boards must have a parent member.
- Robert McLaughlin recommends hiring an arbitrage rebate consultant to make report every five years (to determine if school generates excess income from bond proceeds—which may becomes payable to the IRS. This report is not due until 2018, but the sooner made, the better.

**John Potapchuck** moved and **Elvis Torres** seconded that the Board go into Executive session at 7:28PM.

There was no action during the Executive Session.
John Potapchuk moved and Elvis Torres seconded that Executive Session end at 9:25PM.

The Board meeting was adjourned at 9:26PM.

Paul Augello  
Robert McLaughlin  
Stephanie Alves

Minutes:

Welcome: Priscilla welcomed the board members and attendees.

Motion to approve the September 17, 2015 minutes (motioned by D. Mattson, Seconded by E. Torres, all in favor: unanimous, motion passed.)

Director of Operations Report- Stephanie Alves
• All vendor accounts are up to date.
• Per pupil billing/invoice for November 2015 are submitted.
• All requests concerning the Controller’s audit have been complied with.
• All fire drills as required (8) have been completed.

Operations Report-Paul Augello
• Draft audit due to SE 11/2.
• Debt Coverage Ratio-year end financials, Title 1, Title 3-met year end ratios.
• Good cash position-revenue increased $980,000.00.
• There are presently 441 students enrolled.
• Full cost of the building depreciation will be over 39 years.
• Furniture and computers will be depreciated over 7 years.

Grand forms due 11/30.
See additional attachments for detailed information.

The RESOLUTION OF THE BOARD OF TRUSTEES OF THE SOUTH BRONX CHARTER SCHOOL FOR INTERNATIONAL CULTURES AND THE ARTS authorizing and approving the amendment to the renewal Charter (addition of grades 6-8) was submitted.

A motion was made by John Potapchuk and seconded by Elvis Torres to accept the resolution. All in favor: unanimous, motion passed.

(see attached)

Ms. Hey mentioned that she met with the architect to determine suitability of a building for possible expansion for grades 6-8. The building is 32,000 square feet. If plan for expansion to grades 6-8 are approved, but if a new building is not available, the DOE is obligated to find suitable space. If building (site) is to be leased, DOE pays 20% of lese terms.

Ms. Hey further mentioned that, if applicable, the sixth grade (2016-2017 school year) would be housed in the current building.

Principal's Report - Evelyn Hey
- Ms. Hey announced that the current enrollment is 441 and attendance is 95.5%.
- The Middle School Application is being developed.
- The Certificate of Occupancy has been granted.

Due to five-year term limits, Dalia Peralta, is no longer serving on the Board.

Non-Board Members:
Evelyn Hey, Principal
Paul Augello
Robert McLaughlin
Stephanie Alves

Minutes:

Welcome: Priscilla welcomed the board members and attendees.

The minutes from the October 2015, November 2015 were accepted as read. The minutes of December 2015 were amended as per the wording in section re: hiring an arbitrage rebate consultant, “if bond proceeds generate excess income which may become payable to the IRS.”

Carmen Santos did not vote on the October 2015 minutes (absent from meeting)

I. Director of Operations Report- Stephanie Alves (report attached)
- A report was attached re: paid vendors (November 20, 2015-January 21, 2016. All vendors have been paid.
- The enrollment was approved and sent to the Bank of New York.
- Generator and Range Hood permits were approved by the Fire Department.
II. Principal's Report (Evelyn Hey)

- Evelyn Hey reported that the register is currently 432 and attendance is 92.8%.
- The Middle School Application has been sent to the Board of Regents. The school should be informed by February if expansion to the Middle School has been approved.
- Title One After School Programs will begin next week (week of 1/25). The afterschool program, which is remedial in design, will rotate students based on academic need. Students who are considered to be middle students will begin first, following those who have more significant academic need. Students will be moved out of the program or into other parts of the program based upon ongoing need.
- The Casa Grant (also starting next week (1/25), will offer programs in music, dance and story chasers (creative writing activities).

Victory Financial Report-Paul J. Augello (report attached)

- Base Per-Pupil revenue is slightly below target.
- Food Services is slightly higher.
- There are currently positions open for an Executive Assistant, a Title One Teacher and a music teacher. A consultant is currently supplying music instruction.
- (Evelyn Hey) One custodial worker is resigning and a school-aide will move to a maintenance position.

New Business: Robert McLaughlin (report attached)

- Robert McLaughlin announced that the audit has been completed. There were several recommendations for areas of improvement. A school response is due by February 1, 2016. Board members are requested to relay thoughts and ideas for responses to report no later than Tuesday, January 26th.
- A new manual needs to be in place by September 2016.
- An IRS penalty that should not have been paid will be reimbursed by Victory.
- A motion was made by John Potapchuk and seconded by Carmen Santos to give the Board financial committee and the Board Chair approval to respond to audit.

**Instructions for completing the Teacher and Administrator Attrition Tables**

The following tables reflect formatting in the online portal required for Regents authorized charter schools. Schools should provide, for teachers and administrators only, the full time equivalent (FTE) of staff on June 30, 2015; the FTE for added staff from July 1, 2015 through June 30, 2016; and the FTE for any departed staff from July 1, 2015 through June 30, 2016 using the two tables provided.

Thank you
The table below is reflective of the information collected through the online portal for compliance with New York State Education Law 2854(3)(a-1) for teaching staff qualifications. Enter the relevant full time equivalent (FTE) count of teachers in each column. For example, a school with 20 full time teachers and 5 half time teachers would have an FTE count of 22.5. If more than one column applies to a particular teacher, please select one column for the FTE count.

### Staff Qualifications (June 30, 2016)

**Note:** Columns should sum to the FTE count of Teachers on June 30, 2016, and each teacher should be in only one column.
