MISSION STATEMENT

In an effort to represent the community’s prestige, The South Bronx Charter School for International Cultures and the Arts is a model of excellence providing its youngsters with a constructivist and child centered curriculum. Our intellectually challenging and standards based curriculum is enriched by our international perspective, the arts, and dual language program. Students receive a well-rounded education that uses the arts to promote excellence in all areas: cognitive, social, emotional, and moral. Our school meets or exceeds New York State Learning Standards, aligns student learning to those standards and supports teachers with professional development opportunities. Our community, our parents, and staff are empowered to participate meaningfully in our school to strengthen its potential for success.

g. KEY DESIGN ELEMENTS (Regents, NYCDOE, and Buffalo BOE authorized schools only)

KEY DESIGN ELEMENTS (Brief heading followed by a description of each Key Design Elements (KDE). KDEs are those general aspects of the school that are innovative or unique to the school’s mission and goals, are core to the school’s overall design, and are critical to its success. The design elements may include a specific content area focus; unique student populations to be served; specific educational programs or pedagogical approaches; unique calendar, schedule, or configurations of students and staff; and/or innovative organizational structures and systems.

<td>As previously stated, the Board of Trustees is the final authority for policies and operational decisions at the school. That said it is one of the board’s primary responsibilities to self-reflect and examine practice based on outcomes against goals. To this end, the board, and specifically the board’s academic subcommittee, monitors the effectiveness of the educational program.</td>

<td>Teachers work collegially, both horizontally and vertically. In the horizontal teaming model, teachers meet in smaller teams at each grade level. The horizontal team meets for a variety of purposes, such as pacing of the curriculum, student achievement, planning based on assessment data, interdisciplinary unit/project planning, dual language approach, and to monitor student developmental and social growth. In the vertical teaming model, teachers meet in smaller teams within each content area. The vertical team meets for a variety of purposes, such as monitoring the scope and sequence, revising the alignment of content to state standards, sharing of best practices, checking on skill development and student achievement, planning based on</td>

assessment data, aligning the content taught in English and Spanish, and designing interdisciplinary units/projects. SBCSICA uses data collection and analysis to inform decisions about teaching and student learning.

In order to produce data that can be used to drive decisions in instruction, SBCSICA utilizes a comprehensive assessment system, which includes Periodic and Interim assessments that provides feedback on an on-going basis and supports teaching and learning. To that end, SBCSICA administers periodic standardized norm-referenced exams (NRT), and Interim Diagnostic & Predictive assessments coupled with Constructed Response items. Based on the results from interim assessments, teachers proactively identify areas to grow and have the ability to customize and generate instructional materials.

More specifically, the periodic reading inventory assessment is given in English and Spanish. Developmental Reading Assessment (DRA) and Evaluación del Desarrollo de la Lectura (EDL) are administered on a consistent basis and as needed. As a Dual Language school, the EDL helps us to measure language acquisition for native and nonnative Spanish language speakers. Tasks measured by the DRA and EDL tests are divided into several skill sets. Rhyming, alliteration, segmentation, and phonemic awareness are tested in the phonemic awareness section. Letter naming, word-list reading, spelling, decoding, analogies, structural analysis, and syllabication are tested in the alphabetic principle/phonics portions. Oral reading fluency or words per minute for contextual reading are tested under fluency. Vocabulary, comprehension, and reading engagement skills are also measured in these tests. Once the test is scored and evaluated, the teacher gains a comprehensive understanding of those areas of strength and weakness and can assign a numeric and or alphanumeric reading level. This process empowers student’s reading engagement because they understand and can easily identify a “just right book” by choosing a book with the corresponding DRA and EDL level.

Teachers develop a deeper understanding of expectations for student work and means of assessment in a variety of different formats. Regular professional development sessions allow teachers to engage in dialogue that creates a common frame of reference. Teachers share, review, and discuss actual samples of student work and best teaching practices. Specific assessment rubrics have been developed and are used to provide a common framework of evaluation. These rubrics are used by teachers to assess work relative to grade content standards, and will allow teachers to determine what skills need to be re-taught and practiced. Teachers regularly analyze student work
throughout the year using performance rubrics, individually, in grade conversations, and in conversation during grade level planning meetings. Project based assignments are also used as a meaningful form of assessment. Teachers review student work at various times including planning meetings as items may be used as teaching points in grade level performance and development. Grade and subject specific team meetings allow for more in-depth examinations of student work and will allow teachers to share and discuss examples of student work and teaching practices, raising expectations across the board. Teachers and school leaders alike have high expectations of student work and assessment across the grades. The continuum of analysis teachers to design meaningful lessons, which move students toward mastery.

Variable 3

Remediation and Acceleration
SBCS address students in need of remediation or acceleration. Students in need of greater assistance with curriculum content areas will also have the opportunity for additional focused time within the school day. To complement the services that are available to students during this time block, SBCS employs several Title I teachers who, in addition to designing and implementing the Title I Program, provide remediation for students falling behind in any aspect of the curriculum.

Variable 4

Students with Special Needs
SBCS strongly believes that all students should have access to the core curriculum, and there are clear procedures for identifying special populations and meeting their needs. In fact, the DOE has cites that the “school adequately addresses the academic and nonacademic needs of students in need of remediation, students with disabilities, students with interrupted formal education, and gifted students.” Methods and strategies for serving students with disabilities are in place in compliance with all federal laws and regulations. Furthermore, SBCS provides professional development to teachers who create varied and small groupings in the classrooms that support learning for all students. For those students with IEPs that require related services and/or a resource room setting, the school directly provides these special education services. SBCS asks the student’s district of location to provide related services. For those students with IEPs that require related services, such as counseling, speech, occupational therapies, and physical therapies, the school contracts with either the student’s school district of residence or a private provider. Should a student require more restrictive placement, such as a special class for part of the day, the school and parent will ask the CSE to convene an IEP meeting to determine whether the current recommendation is appropriate or if it can be modified. All students receive academic assistance through a
A tiered system of interventions. A struggling student receives Tier 1 interventions in the general education classroom that will include differentiated instruction, flexible grouping and classroom accommodations. A student who does not make sufficient progress with Tier 1 intervention receives more intensive interventions and strategies to help her master the material presented in the classroom.

A student who continues to struggle is referred to the Pupil Personnel Team (PPT). The PPT develops a plan to employ more intensive, individualized interventions that will be provided in addition to what the student was provided in Tiers I and II. These interventions are closely monitored to assess the level of support required for the student. A student who requires intensive individualized interventions to make any progress will be referred to the CSE for further evaluation. This referral will include the four-page CSE Referral Form as well as all the data collected at Tiers I & II. Teachers will provide a progress report based on student performance and samples of student work. Conference results from meetings with the parent/PPT will also be included in the referral. Finally, any chosen facility will accommodate the special education program and services outlined above and will be ADA compliant. In addition, the proposed budget will include a special education coordinator and expenses associated with the related special education services. SBCS ensures that teacher(s) of a student with a disability participate in meetings of the Committee on Special Education, and have access to and understand their responsibility to implement the IEP. To achieve this end, the regular education teacher will participate in the CSE meeting. Also, the special education teacher/coordinator is responsible for attending each CSE meeting and ensuring that other special education providers, if appropriate and parents attends the CSE meeting. To ensure that teacher(s) of a student with a disability have access to and understand their responsibility to implement the IEP, SBCS designates a special education teacher/coordinator to oversee the provision of special education services in accordance with each child’s IEP. The special education teacher/coordinator position will be responsible for the following: (i) communicating on a regular basis with the CSE of each student’s district of residence; (ii) coordinating special education referrals to the CSE; (iii) ensuring that the appropriate school staff members and parents participate in CSE meetings; (iv) reporting to the CSE regarding student’s progress toward meeting IEP goals; (v) reviewing all students’ IEPs; (vi) collecting student records from the CSE; (vii) maintaining and securing in a locked cabinet all confidential files; and (viii) coordinating the implementation of special education services as per the IEP with the school district, private providers, and the school’s classroom and special education teacher(s), as appropriate.
The special education/coordinator ensures that each regular education teacher and any related service provider who is responsible for the implementation of a child’s IEP will be given a copy of the IEP prior to its implementation. In addition, the school requires that the copy remain confidential and that it cannot be re-disclosed to any other person, in compliance with IDEA and FERPA. Moreover, prior to the implementation of the child’s IEP, the special education/coordinator informs each teacher and assistant of his or her responsibility relating to the implementation of the IEP with respect to the accommodations, modifications, and supports required as described by the IEP. Finally, in an effort to provide general information about special education, the special education/coordinator provides pre-service and ongoing training to all teaching staff covering the referral process to the CSE, implementation of a student’s IEP, evaluation of a student’s progress toward meeting IEP goals and objectives, reporting requirements to parents and the CSE, the importance of confidentiality of student records, and discipline of students with disabilities. Please note that there will be no specific mention of any child’s IEP.

SBCS has several structures in place to assure that special education students of all levels are given appropriate instructional support. Further, SBCS uses Response to Intervention ("RTI") and Pupil Personnel Teams to support our students. Response to Intervention In SBCS’s general education classrooms teachers will differentiate instruction to address different modalities of learners (RTI Tier I). Teachers screen students on a periodic basis and make accommodations that target student differences, which may include manipulatives in all subjects, small group instruction, adding visual resources during verbal lessons, or stations in social studies or science classes.

For struggling learners who need additional support and who are not making adequate progress in the core curriculum and skills, SBCS will use small group instruction, push-in/pull-out, Title I services, and alternative supplies and materials. These Tier II interventions are targeted to their needs based on their levels of performance and will be available to all students who need them, including students with IEPs.

RTI Tier III is remedial and intensive in nature. At this level of intervention, both students who have IEPs that mandate pull-out SETSS (NYC)/Resource Room and general education students identified as needing additional support based on their student assessments receive intensive interventions that target the skill deficit of the student. The goal of tier 3 is for remediation of existing problems and prevention of more severe problems. This process may identify a general education student who needs this level of intervention and
may need special education services. For students who already have an IEP, Tier III will provide the necessary information to request a review to adjust the IEP accordingly. In both instances, written parental consent is needed by the CSE to proceed. At this level, SBCS will recommend that the student's parent be notified and encouraged to participate so that a referral is the result of collaboration and consent might be more forthcoming.

In any case, the Tier III Interventions must continue whether or not the parent gives CSE consent. Also, this student is now "presumed to have a disability" and to have rights under IDEA, even if he/she does not have an IEP.

Pupil Personnel Team (PPT) - Any SBCS student who is having trouble at Tier I, regardless of whether or not they have an IEP, is referred to the PPT. The PPT discusses strategies and interventions with the general education teacher and they come up with a plan of intervention (Tier III) for behavior or academics. This plan is monitored and a progress report must be presented to the PPT.

Other Supports

Students who have IEPs for related services such as counseling, speech, occupational therapy, or physical therapy will not be excluded from appropriate interventions. In addition, if a child is pulled out for several services and SETTS, SBCS will work to make sure the child still accesses the general education curriculum.

The Title 1 teacher will be available during the school day to provide push-in and pull-out services for English language learners. Given that SBCS is a dual language school, students who are fluent in a language other than English maintain fluency in their native language while gaining proficiency in English.

In addition to this in-class support, the remediation/enrichment period will be used as an opportunity for the Title 1 teacher to work with students struggling with language acquisition on vocabulary development and literacy skills so that all students are comfortable reading, writing, listening and speaking in English and Spanish.

For purposes of ensuring the adequacy of programs for ELL students, SBCS will assess the progress of all ELL students on an ongoing basis. All ELL students will annually take the New York State English as a Second Language Achievement Test (NYSESLAT) to evaluate their English proficiency. The scores on the NYSESLAT indicate the proficiency level the student has achieved each year, and whether the student’s level of

<td>With regards to academic performance, the board’s Academic and Personnel Committee will regularly review student assessment data from state and interim assessments to inform conversations with the principal and review the overall academic progress of the school. The school will use diagnostic interim assessments developed in-house and unit tests provided by curriculum publishers to provide intra-year assessments of student performance in reading, math, social studies, and science. The regular feedback provided by these tests will help teachers adjust and personalize student instruction throughout the year as necessary. Data from these exams will not be used to support the school’s application for charter renewal. These tests will measure grade level performance (i.e. below, at, or above grade level) in specific skills and content knowledge (e.g., multiplying fractions, phonemic awareness, historical facts, etc.). Given that each subject is taught using content that is aligned with the State learning standards, the test results will be good predictors of how well students are doing against those standards. Also, these assessments allow instruction for a particular child’s needs to be adjusted in real time each year, rather than waiting until end-of-year exams.</td>

Teachers review student work at various times throughout the year and assess development and progress in a variety of areas, both academic and non-academic in nature. The principal is responsible for ensuring consistent expectations of student work and assessment across the school.

Grade and subject specific team meetings allow for more in depth examinations of student work and will allow teachers to share and discuss examples of student work and teaching practices, raising expectations across the board.

In pre-service and in-service training sessions, all student assessments employed by the school will be reviewed in detail with the teaching staff. The principal and/or assistant principal will discuss the content and format of the exams to ensure the teachers have a clear and common understanding of the student learning standards, and the format in which they will be tested. This understanding of the assessments allow teachers to design classroom projects which move students toward mastery while permitting teachers to ascertain throughout the year which students may need additional instruction or practice to meet proficiency standards.

Variable 7

School Schedule

The goals of the daily schedule are to devote significant instructional time blocks to master the core content subjects and meaningfully explore topics and acquiring a language, and meet/exceed all of the New York State Learning Standards. SBCS employs an extended school day to ensure sufficient time for proper implementation of its educational program. The duration of the school day will be 8 hours as compared to the typical public school day of 6 hours. This represents approximately a 25% increase in the school day. The school day will begin at 8:00am, with an optional breakfast starting at 7:40am, and end at 4:00pm.

Our classrooms engage students and promote active learning throughout the day. Students are not sitting at desks for hours on end. In fact, every aspect of the school day right down to classroom set-up is designed to encourage physical movement of our students.

In addition, our curriculum and instructional methods promote engagement through inquiry-based learning, manipulatives, and hands-on activities that bring the curriculum to life. The school’s Social Studies curriculum, is specially designed to channel young children's energy into active learning activities across subject areas. Our curriculum involves heavy dance, movement, and song and "act-out" components. Moreover, the cultural components
that support the dual language focus of our school encourage students to express themselves through artistic means, such as song, dance, and spoken word. In every lesson throughout the day, children will be actively engaged.

Language instruction takes place throughout the day and integrated into content areas through full immersion in the target language. Teachers instruct students in the target language on alternate weeks and will employ a variety of methods to teach basic language skills including read-aloud, writer’s workshop, word walls, and think, pair and share. Teachers focus on developing students’ vocabulary in both languages so that students master concepts and are able to read, write, listen and speak about them in English and Spanish.

Financial Information

This information is required of ALL charter schools. Provide the following measures of fiscal performance of the charter school in Appendix B (Total Expenditures and Administrative Expenditures Per Child):

1. Total Expenditures Per Child

To calculate ‘Total Expenditures per Child’ take total expenditures (from the unaudited 2018-19 Schedule of Functional Expenses) and divide by the year end FTE student enrollment. (Integers Only. No dollar signs or commas).

<table>
<thead>
<tr>
<th>Line 1: Total Expenditures</th>

<tr>
<td>Line 2: Year End FTE student enrollment</td>
<td>439</td>
</tr>
<tr>
<td>Line 3: Divide Line 1 by Line 2</td>
<td>19579</td>
</tr>
</tbody>
</table>
2. Administrative Expenditures per Child

To calculate ‘Administrative Expenditures per Child’ first add together the following:

1. Take the relevant portion from the ‘personnel services cost’ row and the ‘management and general’ column (from the unaudited 2018-19 Schedule of Functional Expenses)

2. Any contracted administrative/management fee paid to other organizations or corporations

3. Take the total from above and divide it by the year-end FTE enrollment. The relevant portion that must be included in this calculation is defined as follows:

Administrative Expenditures: Administration and management of the charter school includes the activities and personnel of the offices of the chief school officer, the finance or business offices, school operations personnel, data management and reporting, human resources, technology, etc. It also includes those administrative and management services provided by other organizations or corporations on behalf of the charter school for which the charter school pays a fee or other compensation. Do not include the FTE of personnel whose role is to directly support the instructional program.

Notes:
The information on the Schedule of Functional Expenses on pages 41-43 of the Audit Guide can help schools locate the amounts to use in the two per pupil calculations: http://www.p12.nysed.gov/psc/AuditGuide.html.

Employee benefit costs or expenditures should not be reported in the above calculations.

### 2019-20 Budget & Cash Flow Template

#### General Instructions and Notes for New Application Budgets and Cash Flows Templates

1. Complete ALL SIX columns in **BLUE**
2. Enter information into the **GRAY** cells
3. Cells containing **RED** triangles in the upper right corner in columns B through G contain guidance on that particular item
4. School district per-pupil tuition information is located on the State Aid website at https://stateaid.nysed.gov/charter/. Rows may be inserted in the worksheet to accommodate additional districts if necessary.
5. The Assumptions column should be completed for all revenue and expense items unless the item is self-explanatory. Where applicable, please reference the page number or section in the application narrative that indicates the assumption being made. For instance, student enrollment would reference the applicable page number in Section I, C of the application narrative.

Meeting of the Board of Trustees  
Thursday, July 16th, 2018 - 3:30pm

Minutes

Commencement Time: 3:40 pm

Board Members in Attendance:  
Priscilla Ocasio (Board Chair)  
Donald Mattson (Co-Chair)  
John Potapchuk  
Elvira Barone

Absent Board Members:  

None Board Members:  
Evelyn Hey, Principal  
Delia Gonzalez (Director of Human Resources)  
Evelyn Ramirez (Director of Operations)  
Paul Augello (BoostEd)

Minutes:

I. Welcome: Priscilla welcomed the board members and the attendees.  
June 2018 minutes were approved after corrections. Motioned by John second Donald all unanimous.

II. Principal’s Report - Evelyn Hey

- Summer School commenced on Monday, July 9th, 2018. Total of 76 students attending.
- Middle School Update - On August 13th Ms. Natalie Gonzalez will be holding the Open House Orientation for the 6th grade Middle School students.
- Out of 54 fifth grade students 34 are confirmed to be returning with a loss of 20 students. Some students had already accepted offers to attend other Middle Schools however the primary reason seems to be a bussing. Middle School students do not qualify for bussing and as such presents a hardship to students that do not live nearby.
- A trip has been scheduled for the week of August 20th as a welcome as well as to promote team building for our 6th graders entering Middle School. Approximately 48 students will be attending.  
The expense for the trip has been calculated to be approximately 4K.
- Title I received an additional 103K monies for 2017-2018
- Title III monies owed and received $22,040.
- Middle School- Laptops were ordered for the 5th and 6th grades. The school will be incubating the 6th grade until a space is provided for the Middle School. Met with Stephanie Mendez DOE Authorizer in reference to applying for DOE or leased space. If DOE denies space the school will pursue a lawsuit. The school might be able to get reimbursed for housing in DOE at the base rate of 30% of 15K for each additional student ($4,500 per student).
- Ms. Hey has visited a few locations for the middle school. One location visited was 13,500 sq. ft.
available for lease at $20k monthly plus build-out with a 35 yr. lease.
• The goal is to find a location during these summer months and vote on the Architecture vendor to see if we can build as planned.

III. Operations Report – Evelyn Ramirez

• Bill payments and credit card receipts were reviewed by the Board all sound.

IV. Financial Report – Paul Augello

• Finances are sound and in good standing, the school is ending the year strong.
• The 2018-2019 budget currently presented was approved subject to changes in executive session. Motion was made by John second by Priscilla all unanimous in agreement.
• May Financials – YTD actual revenue approximated budget. Savings generated from salaries.
• Salaries were reviewed by Ms. Hey and Elvira Barone, subsequently changes were added to the budget. Additional clerical salaries will be reviewed by the board.
• 2 TA positions to be added to the budget as place holders in the event we need to hire.
• Excellent rating report impressed with the school savings of $5 million dollars.
• Two visitors were introduced Ingrid Casio assistant to Paul and in charge of the SBCSICA in house audits and Brian Colon with Baird.

VI. Old Business:

• Elvira questioned procedures of the executive board elections. Are titles such as Board Chair, Co Chair etc. voted on annually? Do the School By-Laws reflect these procedures? Priscilla will furnish By-Laws and discussion will be held in the July meeting to add, edit or change By-Laws accordingly.
• Staff Manual Approval
• TA & School Aide Templates
• The Board of Trustees voted and approved the separation of Carmen Santos from the Board effective May 2018. Certified letter was sent and confirmed received.

VII. New Business:

Executive Session Commenced: 4:50pm

Actions Taken: Salary adjustment approved for Ms. Hey for the 2018-2019 academic year.

Motion: Elvira Second: Donald all in favor, unanimous.

Executive Session Ended:
Motion: Donald Second: Vera all in favor, unanimous.

Meeting adjourned:
Motion: John Second: Vera all in favor, unanimous.

Commencement Time: 2:53 pm

Board Members in Attendance:  
Priscilla Ocasio (Board Chair)  
Donald Mattson (Co-Chair)  
John Potapchuk  
Elvira Barone

None Board Members:  
Evelyn Hey, Principal  
Delia Gonzalez (Coordinator of Personnel)  
Evelyn Ramirez (Coordinator of Operations and Pupil Services)  
Paul Augello (BoostEd)  
Ingrid Casio (BoostEd)

Minutes:

Welcome: Priscilla welcomed the board members and the attendees.

July minutes were approved after corrections. Motioned by John second Donald all unanimous.

I. Principal’s Report - Evelyn Hey

- Registers: Forty five (45) 6th Grades students registered. Numbers may not be accurate due to ATS data, students may have enrolled elsewhere. On the first day of school August 27, 2018 attendance will reflect a much more accurate number of students truly enrolled.
- Vacancies: 5th Grade and Physical Education Teacher vacancy. Interviews ongoing.
- New Construction: The school was approved for leasing assistance. Robert McLaughlin feels the school has different options to pursue. Potential transfer of Title to School Building was discussed. Mr. McLaughlin had some concerns about retroactive monies covering periods of 6/30/2018 or 6/30/2019.
- If the school incubates 6 & 7th grade we can retro monies from Friends of Friends ($4,300 per student) K-5 grades were grandfathered in therefore do not qualify for reimbursement. Mr. McLaughlin will be invited to September’s Board meeting for further clarification.
- 6th Grade Outing: Thirty (30) 6th Grade students had a great time. Ms. Hey displayed pictures of the event.
- Conferences 2018/2019 (Budget $26K): APPROVED: Motion was made by Donald, second Vera All Unanimous.
II. Operations Report – Evelyn Ramirez

- Bill payments were reviewed by the Board all sound.
- Registration is still ongoing for Kindergarten and First grade. Currently there are 88 Kindergarten students registered.
- Ms. Hey and Evelyn R will have to go back to Chase as they encountered difficulties with letter presented to the board. A new letter with the bank requirements has been drafted and will be signed by Priscilla, board chair for removal of James Stovall and Malika Mene as signers on the account.
- BoostEd will be conducting its first quarterly audit on September 5, 2018.

V. Financial Report – Paul Augello

- Finances are sound and in good standing. Great year we surpassed our budgetary expectations.
- Gearing up for external audit.
- FY2018 4th Quarter Financials were sent to BNY and posted to EMMA, no issues all compliant.

VI. Old Business Discussed:

- Principal’s agreement for was given to Ms. Hey for her review and signature.
- Employee Manual approved and will be posted after John’s corrections. Manual will be posted for staff and it is now a part of the onboarding process. New hire must sign as received.
- Bonuses and Tenure performance were discussed. Paul will review budget working on accrues (40K) for bonuses.
- Hiring of 2 TA’s still on hold until Ms. Hey feels that we are in need.
- Vera stated Ms. Hey should add Personnel Matters on her Principal Report as an item of discussion.
- An Evaluation form or performance sheet will be created for the Kitchen staff.

VII. New Business:

Elvira submitted a cover and resume for Genna Fukuda, a young lady interested in joining the SBCSICA BOT. Delia will send the required membership forms for approval. Although she may not be able to physically attend the board meetings she will be able to “Skype” in. After review of the by-laws it was verified that she may do so accordingly.

Priscilla has requested that the coaches present during the October Board meeting a year plan which should include the teachers/grades that are scheduled to be trained outlining the modules and the timeframe. Thereafter a quarterly presentation will be expected on December, March and June (2018/2019). The report and presentation for the school year (2018/2019); student/teacher tracking documenting teachers understanding of the materials and students test scores that supports the learning/test scores; this will be based on the final test scores from the city.

Meeting adjourned 4:30 pm
Motion: Priscilla Ocasio Second: Donald Mattson all in favor, unanimous.

Next: Meeting September 12, 2018 - 4pm
Meeting of the Board of Trustees  
Monday, September 12, 2018

Minutes

Commencement Time: 5:21 pm

Board Members in Attendance:
Priscilla Ocasio (Board Chair)
Donald Mattson (Co-Chair)
John Potapchuk
Elvira Barone

None Board Members:
Evelyn Hey, Principal
Delia Gonzalez (Coordinator of Personnel)
Evelyn Ramirez (Coordinator of Operations and Pupil Services)
Paul Augello (BoostEd)

Welcome: Priscilla welcomed the board members and the attendees.

August minutes were approved after corrections. Motioned by John second Donald all unanimous.

I. Principal’s Report - Evelyn Hey

• Enrollment: 465 Grades K-5 424-Middle School 41
• Preliminary Scores: Scores still embaro. Scores will officially be announced end of September.
• Middle School Update: There are 41 6 grade students enrolled. Thirty (30) students were moved up from 5th grade; eleven (11) are new students to the school.
• Proprerty Update: Ms. Hey, Elvira and Donald visited two properties. One property was located on 1394 and Bruckner (on sale for 3.8 million dollars). The second property seems ideal for the middle school and is owned by Lincoln Hospital and located on 140th St. A proposal is being drafted for this property.
• Ms. Hey prepositioned the Board to revise the Resolution previously made for 15 million dollars to twenty five (25) million dollars to purchase the Middle School property. This resolution would keep us safe from going under and/or over the recorded amount. Discussion ongoing.
• Personnel Matters: Possible 5th grade teacher for hire. Julissa Mendez is currently residing in Mayaguez, PR however is willing to relocate. A successful telephone interview was conducted and will notify Ms. Hey as soon as she arrives.
II. **Video Conference with Patricia Sandison (Hodson Russ)**

- Ms. Sandison provided advise and guidance towards the development of a Friends of 501 (c)(3) organization.
- A "Friends of" organization takes about 8 months to establish depending on the IRS.
- The primary goal of this 501c3 is rent reimbursement for the Middle School.

III. **Financial Report - Paul Augello**

- Finances are sound and in good standing.
- The Chase Account #8065 has been reconciled thru August 2018. Due to previous authorized signatures on the account reconciliation was prevented and delayed. This issue has now been resolved with no further conflicts.

IV. **Old Business Discussed:**

- Genna Fukuda has accepted to join the SBSCICA BOT. Board accepted membership. Motion by Elvira second Donald, all unanimous. Delia will submit paperwork to Authorizers for approval.
- Principal agreement has been tabled for October’s board meeting for revision.
  - BOA still have some questions and concerns in reference to the Friends of Organization in which follow-up will be made with Robert McLaughlin. (How safe is this provision of the state law? As related entities is this safe if disbanded?)

V. **New Business: None**

---

**Meeting adjourned 7:36 pm**

**Motion:** Priscilla Ocasio    **Second:** John all in favor, unanimous.

John Potapchuk
Elvira Barone

Absent Board Members:

None Board Members:
Evelyn Hey, Principal
Evelyn Ramirez (Director of Operations)
Paul Augello (BoostEd)
Robert McLaughlin
(Attorney-Hodgson Ross)

Minutes:

I. Welcome: Priscilla welcomed the board members and the attendees.
   • The minutes for September 12, 2018 were read and approved.

   II. Bob McLaughlin made a presentation concerning the formation of a separate foundation (“Friends Of”) to enable the South Bronx Charter School for International Cultures and the Arts to arrange a financial plan to finance the development and expansion of the school to accommodate middle school grades (6-8). The board had approved a $15,000,000 financial plan in July. That resolution was changed to expand the maximum available borrowing to 25,000,000. Bob explained the need for an “inducement resolution” if tax-exempt bonds are going to be used. Rent will be paid (from the DOE) as per the number of students in the middle grades (potentially including this year’s sixth grade if title of building is transferred to a “Friends Of” prior to June 30, 2019. The charter school becomes the sub-tenant of the foundation (“Friends Of”). The first step is to create the foundation (LLC). Three members of the current Board can also become Board members of the Foundation; completion of the application; approval can take up to 12 months.
   • There was discussion of the availability of an unused building, currently a part of Lincoln Hospital (140th Street and Alexander Avenue) as a potential site for the middle school.
   • Donald Mattson moved that a foundation be created and that an application be submitted to the IRS to seek Sec.501©(3)tax exempt status for the Foundation. Once the Foundation is created the title of the South Bronx Charter School for International Cultures and the Arts be transferred to a foundation. Vera Barone seconded the motion. All unanimous. (Report attached)

In order to guarantee retention SBCSICA schedules time per day to address students in need of remediation or acceleration. Each day, students will have the opportunity for greater enrichment in curriculum content or cultural areas related to course work or the school’s mission. Students in need of greater assistance with curriculum content areas will also have the opportunity for additional focused time within the school day. To complement the services that are available to students during this time block, SBCS employs several Title 1 Teachers who, in addition to designing and implementing the Title 1 program, provide remediation for students falling behind in any aspect of the curriculum.</td>

<td>SBCSICA strongly believes that all students should have access to the core curriculum, and there are clear plans for identifying special populations and meeting their needs. In fact, the school addresses the academic and nonacademic needs of students in need of remediation, students with disabilities, students with interrupted formal education, and gifted students. Methods and strategies for serving students with disabilities are in place in compliance with all federal laws and regulations. Furthermore, SBCS provides professional development to teachers who create varied and small groupings in the classrooms that support learning for all students. For those students with IEPs that require related services and/or a resource setting, the school directly provides these special education services. SBCS asks the student’s district of location to provide special related services. For those students with IEPs that require related services, such as counseling, speech, occupational therapies, and physical therapies, the school contracts with either the student’s school district or a private provider. All students receive academic assistance through a tiered system of interventions. A struggling student receives Tier 1 interventions in the general education classroom that will include differentiated instruction, flexible grouping and classroom accommodations. A student who does not make sufficient progress with Tier 1 intervention receives more intensive interventions and strategies to help them master the material presented in the classroom.</td>

Report changes in teacher and administrator staffing.

**Instructions for completing the Classroom Teacher and Administrator Attrition Tables**

Charter schools must complete the tables titled 2018-2019 Classroom Teacher and Administrator Attrition to report changes in teacher and administrator staffing during the 2018-2019 school year. Please provide the full time equivalent (FTE) of staff on June 30, 2018; the FTE for any departed staff from July 1, 2018 through June 30, 2019; the FTE for added staff from July 1, 2018 through June 30, 2019; and the FTE of staff added in newly created positions from July 1, 2018 through June 30, 2019 using the tables provided.

3. Tell your school's story

Charter schools may provide additional information in this section of the Annual Report about their respective teacher and administrator attrition rates as some teacher or administrator departures do not reflect advancement or movement within the charter school networks. Schools may provide additional detail to reflect a teacher’s advancement up the ladder to a leadership position within the network or an administrator’s movement to lead a new network charter school.

For the 2018-2019 academic year the school had 1 teacher on sick leave, one resigned and 1 was terminated for a 15% attrition rate. Administration - Assistant Principal has resigned and taken a part-time position for an attrition rate of 50% however a new Assistant Principal has been assigned therefore no vacancy.

4. Charter schools must ensure that all prospective employees receive clearance through the NYSED Office of School Personnel Review and Accountability (OSPRA) prior to employment. After an employee has been cleared, schools are required to maintain proof of such clearance in the file of each employee. For the safety of all students, charter schools must take immediate steps to terminate the employment of individuals who have been denied clearance. Once the employees have been terminated, the school must terminate the request for clearance in the TEACH system.

Have all employees have been cleared through the NYSED TEACH system?

Yes

5. For perspective or current employees whose clearance has been denied, have you terminated their employment and removed them from the TEACH system?

| Not Applicable |

Thank you
**Instructions for Reporting Percent of Uncertified Teachers**

The table below is reflective of the information collected through the online portal for compliance with New York State Education Law 2854(3)(a-1) for teaching staff qualifications. Enter the relevant full time equivalent (FTE) count of teachers in each column. For example, a school with 20 full time teachers and 5 half time teachers would have an FTE count of 22.5. If more than one column applies to a particular teacher, please select one column for the FTE count. Please do not include paraprofessionals, such as teacher assistants.

FTE count of **uncertified** teachers on 6/30/18, and each **uncertified** teacher should be counted only once.
